ENGLISH

The background of the entire page is a photograph of a bright yellow building facade. It features several windows with green louvered shutters. Some shutters are open, revealing white window frames and glass panes. In the center, there is a small balcony with a white balustrade. The building is divided into horizontal sections by white decorative moldings.

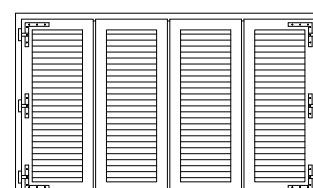

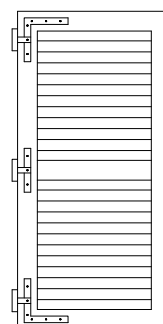

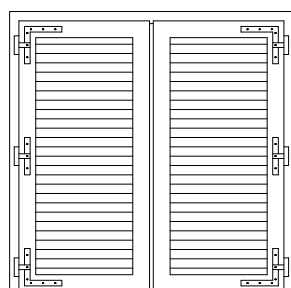

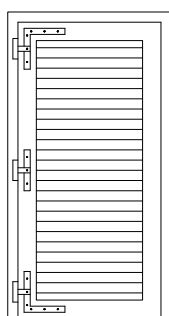

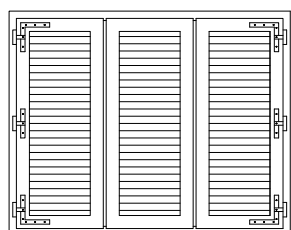

PERSIANA - LOUVRE SHUTTER

- Shutter system available with fixed or adjustable louvres
- Versatile design and aesthetics with high resistance to atmospheric agents
- Exclusive technology developed by Alphacan which guarantees optimal results on corner weldings

SYSTEM	PROPERTIES	TEST VALUE
PERSIANA	Wind load resistance	Class 6
PERSIANA	Solar energy transmittance g _{tot}	Class 4

CONSTRUCTION PROPOSALS

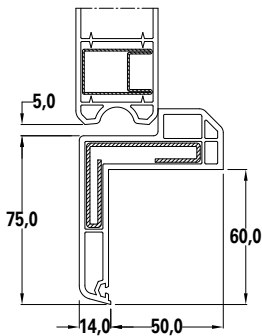

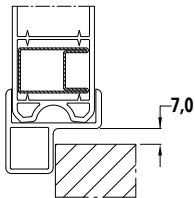

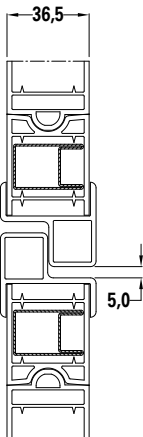

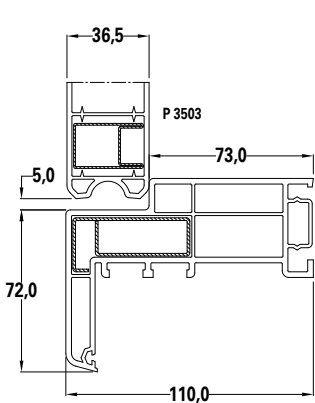

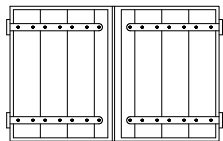

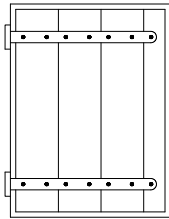

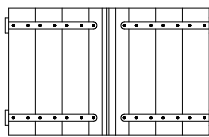

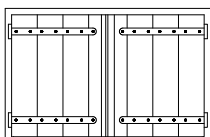

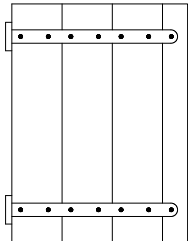

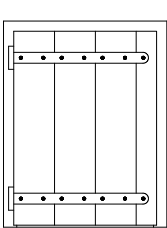

SCURO ALLA VENETA

- Characteristic Venetian shutter system, suitable for historical and traditional architectural contexts
- Composed of modular panels vertically joined without intermediate knots
- Equipped with metal reinforcements to confer high stability to the shutter sash
- The bas-relief moulding enhances its appearance with a practical final result

SYSTEM	PROPERTIES	TEST VALUE
SCURO ALLA VENETA	Wind load resistance	Class 6

Elegant, resistant and customisable

with a wide range of prestigious colours and finishes, ALPHACAN Shutter Systems are maintenance-free and fit perfectly into any context.

Made from high quality PVC, innovatively designed and with high weather resistant properties, they are a sustainable and durable choice, helping to reduce energy waste and bills.

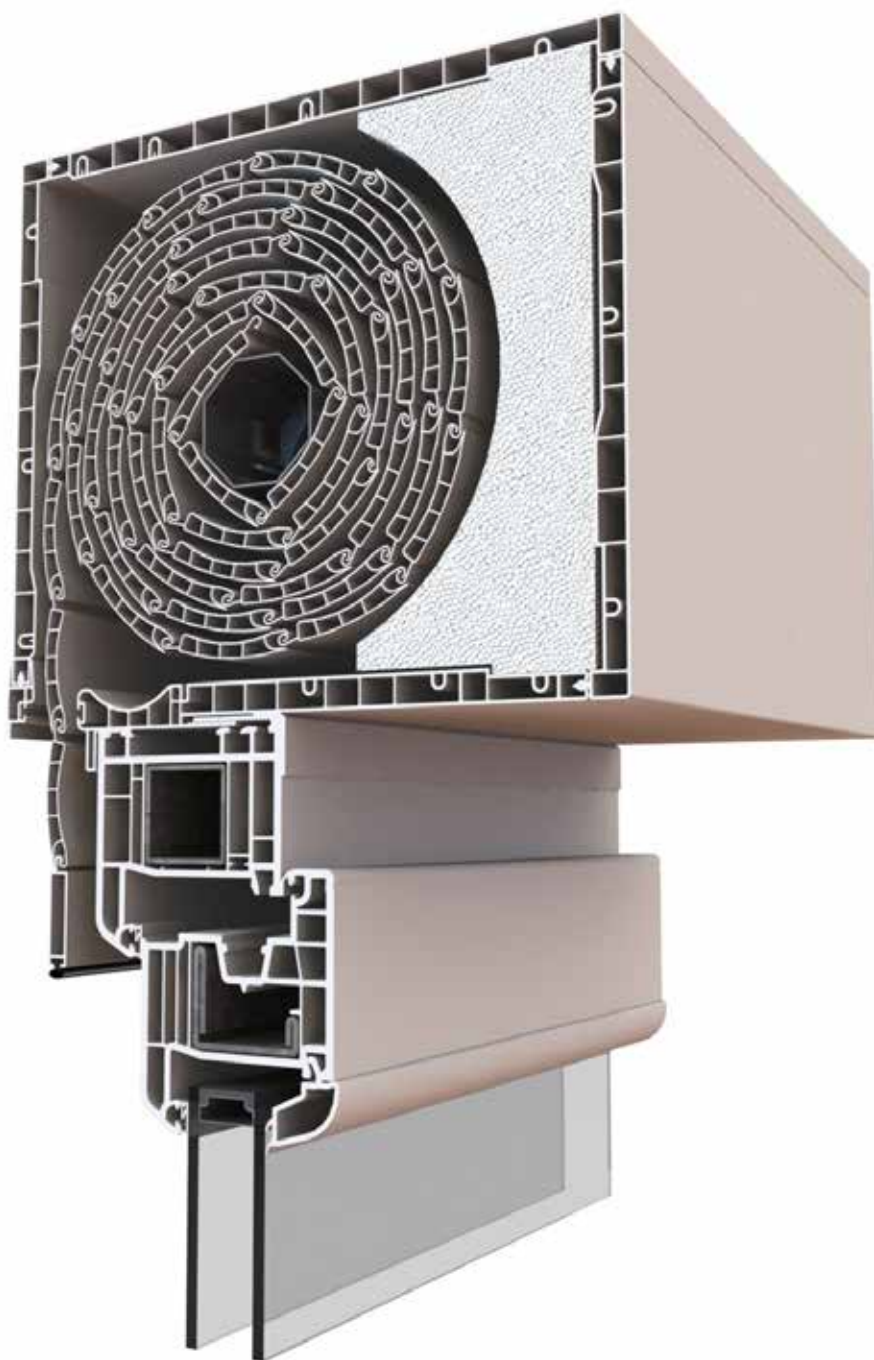

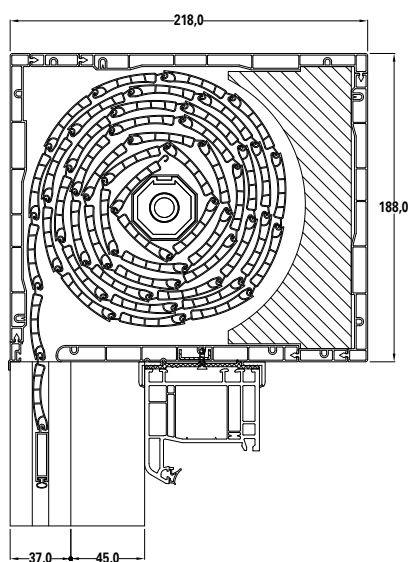

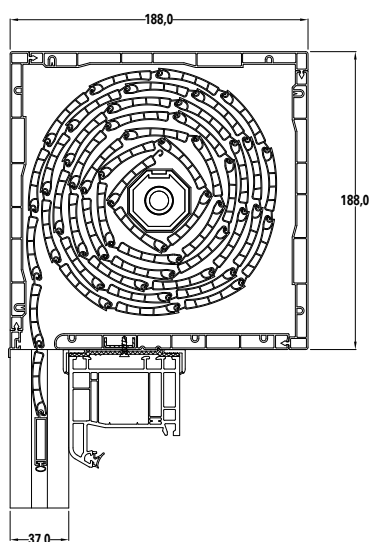

CASSONETTO MEDITERRANEO – ROLLER SHUTTER BOX MEDITERRANEO

- Single-unit roller shutter box, especially suitable for new constructions
- High thermal-acoustic insulation performances
- Available with different opening mechanisms, also motorised

SYSTEM	PROPERTIES	TYPE	TEST VALUE
CASSONETTO MEDITERRANEO	Transmittance (U_{sb})	Standard	2,7 W/m ² K
		Iso	0,99 W/m ² K
	Acoustics (R_w)	Standard	30 dB
		Iso	32 dB

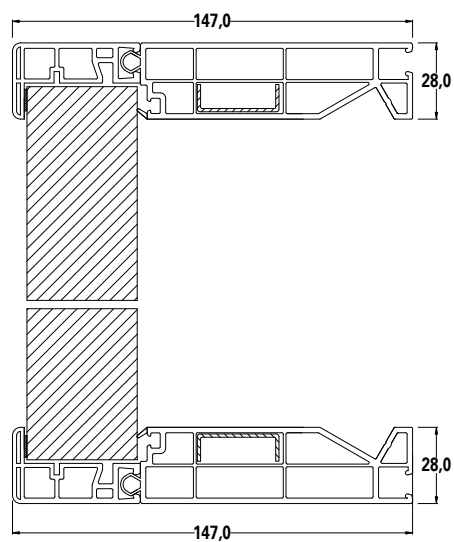

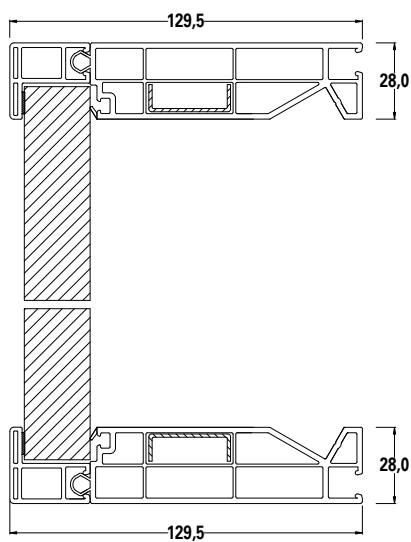

CASSONETTO RISTRUTTURAZIONE – ROLLER SHUTTER BOX RENOVATION

- System particularly suitable for renovations
- Suitable to contain large rollers, thanks to the particular geometric shape of its components
- Finishings and colours can be matched to the window

SYSTEM	PROPRIETÀ	TIPOLOGIA	VALORE TEST
CASSONETTO RISTRUTTURAZIONE	Transmittance (U_{SB})	Front XPS 24 mm	1,6 W/m ² K
		Front XPS 40 mm	1,4 W/m ² K
		Front XPS 24 mm with side layers EPS 20 mm	1,2 W/m ² K
		Front XPS 40 mm with side layers EPS 20 mm	1,0 W/m ² K
